

# 2023 INDUSTRIAL

**Caterpillar's revolutionary equipment and world-changing technologies don't just shape our cities, they pave the roads that connect them.**

**In every corner of the world, Caterpillar is a symbol of power. Risk-taking, history-making, earth-shaking power. And with that power comes an attitude that doesn't back down.**

That's why we license Caterpillar's name. And that's why our earthmovers wear the black and yellow logo with pride. These individuals embody the equipment's boldness, authenticity, and innovation with every step they take.

Each season we defy limitations and exceed expectations, designing powerful product that surpasses our diverse earthmovers' needs and desires. When we sell a pair of shoes, we're not just selling the attitude of the equipment, we're powering our bold earthmovers with the strength of a bulldozer.

A yellow Caterpillar bulldozer is the central focus of the image, positioned in a desert landscape with mountains in the background. The bulldozer's front grille prominently displays the word "CATERPILLAR" and the company's logo. The scene is brightly lit, suggesting a sunny day.

## **Backed by the strength of Wolverine World Wide Inc.**

- Wolverine Worldwide is the third largest footwear manufacturer in the world.
- Wolverine Worldwide has a diverse portfolio of 14 brands: Merrell, Sperry Top-Sider, Hush Puppies, Saucony, Wolverine, Wolverine Leathers, Keds, Cat, Stride Rite, Chaco, Bates, Hystest, Soft Style, Harley-Davidson.
- Wolverine Worldwide distributes more than 100 million units of footwear and apparel in 200 countries.

## **Industry Leading Footwear**

- Hugely experienced. +100 million pairs of footwear supplied to consumers across 150 countries.
- Trailblazing technologies that address the most challenging industrial environments on earth.
- Globally recognised as delivering exceptional value through enhanced durability and performance.

## **Caterpillar: Global Power Brand**

- 3+ million Caterpillar products at work around the world.
- \$53.8 billion in sales and revenues for 2019.
- World's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives.

## **Consumer Connection**

- Market leading brand, associated with ruggedness, toughness and durability.
- Trusted by veteran workers, while connecting with a new generation through product solutions that meet their individual needs and preferences.

# INDUSTRIAL

---

“I’M ON MY FEET ALL DAY, BOTH INDOORS AND OUTDOORS. I’M REQUIRED TO WEAR SAFETY FOOTWEAR BUT AM UNWILLING TO BE UNCOMFORTABLE.”

## OCCUPATIONS

- Shipping / Receiving
- Carpentry
- Construction
- Electrical Engineering
- Equipment Operator
- Agriculture
- Manufacturing
- Mechanic
- Tradesman
- Warehousing
- Worksite Manager

## FOOTWEAR REQUIREMENTS

- Abrasion Resistance
- Durability
- Flexibility
- Insulation
- Puncture Resistance
- Oil Resistance
- Slip Resistance
- Traction
- Waterproof
- Safety Toe
- Non Metallic

# LIGHT INDUSTRIAL

---

“I WORK MOSTLY INDOORS AND NEED MY FOOTWEAR TO BE LIGHTWEIGHT, COMFORTABLE AND FLEXIBLE AND WORK FOR MY WEEKEND PROJECTS TOO.”

## OCCUPATIONS

- Duty / Security
- Airport (inside)
- Food Services
- Warehouse
- Transportation
- Delivery
- Handyman
- General Contractor
- Security

## FOOTWEAR REQUIREMENTS

- Flexibility
- Lightweight
- Slip-Resistance
- Non Metallic
- Traction

## CATALOGUE ICONOGRAPHY

EASE is a lightweight, custom engineered foam, proprietary to Cat Footwear. Compared to regular EVA and foam, EASE provides:

- 30% greater longevity by taking 30% less compression - it won't break down or compress
- 30% more energy return - giving you more bounce back
- Lightweight comfort - 10-15% lighter

Athletic inspired design, construction and engineering. ERGOlite is made for the worker who is required to wear safety footwear, but wants anything but.

A one-of-a-kind sole that delivers unsurpassed traction and makes ice obsolete so that you're sure-footed and moving forward when the temperature drops. Improves traction on wet, icy surfaces by 3x.

Powered by DUOFUSE™: Our custom engineered midsole blends rubber & foam for more comfort, less weight and trusted durability. With 40% more resilience and 30% more abrasion resistance than standard EVA it will stay comfortable while holding up to the daily beating they're going to receive.

Powered by SRX: our extreme slip resistant compound maximizes grip and traction to exceed global industry standards.

Faster. Thinner. Stronger. Nano Toe is a non metallic approved safety toe that is 40% lighter than steel and 15% lighter than composite toes, providing more space and comfort for your toes without sacrificing any protection.

iTechnology combines the durability of a Goodyear Welt with an athletic cup heel for athletic shoe comfort.

Cat Footwear manufactures premium, safety footwear symbolizing a 100-year connection Caterpillar has to tough, honest work. Our safety footwear collection includes a variety of comfort, durability, safety and technology features intended to keep workers protected and comfortable in the harshest of conditions.

Our safety footwear is tested to meet and exceed strict EU standards from authorized testing facilities such as SATRA and receives certification in one of the following categories:

**EN**

**EN ISO  
20345:2011**

**SAFETY FOOTWEAR  
CLASSIFICATION**

**SB**

Footwear includes an internal steel toecap tested to 200-joule compression

**S1 P**

Footwear includes an internal steel toecap tested to 200-joule compression and anti-static properties of electrical resistance no greater than 100k Mega ohms and steel midsole plate for nail penetration resistance of sole at no less than 1100 N

**S3**

Footwear includes an internal steel toecap tested to 200-joule compression, water resistant leather and steel midsole plate for nail penetration resistance of sole at no less than 1100 N

**SB P**

Footwear includes an internal steel toecap tested to 200-joule compression and steel midsole plate for nail penetration resistance of sole at no less than 1100 N
